- When you find a book that's available in the correct format...
- Click: Add to eCart
- Click: Proceed to Checkout
- Login with your library card
- Click: Log In
- Click: Confirm Check Out
- Click: Download (under the picture of the book)
- If you have not already registered an Adobe ID, you will be asked to do it here.
 - o It is hard to do on a mobile device, and might be better done on a computer
 - o It can be done on a mobile device, just fill out the questions and register your device with your email and a password.
 - o If you have already registered your iPad/iPhone/iPod Touch/Android device, you can skip this step
- After you have registered, close the app and open your web browser – it should bring you back to your cart
- Click: Download (again)
- It will automatically open in the app
- Wait for the book to download

Reading eBooks:

- Click on the book title
- If necessary: Click navigation
- If necessary: Click on where you'd like to go in the book
- Click on the right side of the page to page forward
- Click on the left side of the page to page backwards
- To get additional tools, tap or double tap on the center of the screen
 - o Change the font size with the AA button at the top
 - o Change the brightness with the sun icon
 - o Go to the Table of Contents with the lined icon
 - o Create bookmarks with the bookmark shaped icon
 - o Use the arrow in this top section to return to the downloaded books section of your app

Listening to eAudiobooks:

- Click on the book title
- Sound should start immediately
- Use the pause, back, and forward buttons on the bottom.

To delete a book off your device:

- Go to your library in the Overdrive Media Console app
- Click "Edit" in the top left hand corner
- Click on the red circle next to the book title to delete the book
 - o Click "Return and Delete" to return the book and delete it from you device
 - o If you choose "Delete without returning" the book will delete, but will NOT be removed from you record
 - In order to return the book after having done this you will either have to re-download the book, or wait for the book's due date to pass, at which point it will be automatically returned
