

Cipher Challenge

Can you solve the following cipher?

First, you'll need to find the book "Kids Who Rule: The Remarkable Lives of Five Child Monarchs" using the Tumblebooks database.

From our homepage (baldwinlib.org), mouse over "Research", then click "A to Z Databases". Next, scroll down until you find "Tumble Books" and click on the box. Next, click "Tumblesearch" near the upper right corner. Then, in the "Search by Title" box, type "Kids Who Rule", and click "go". You should see the book cover. Under the cover, click on the option to "read online". Note: You do not have to read the whole book to solve the cipher. Also, please ignore chapter/section titles or headings.
