“How would my involvement on the Library Board of Directors benefit the Baldwin Public Library?”

Since moving to Birmingham in 2007, I have used the Baldwin Public Library for all types of services and have gained new skills. From the IDEA Lab, I learned to create new crafts using the laser engraver and embroidery machine. Now with two young children, we're taking advantage of virtual story times, Little Explorers and we recently received the sweetest letter from Rosemary, a youth librarian. Baldwin Public Library has done an excellent job to navigate the pandemic and even while we can't be together right now, I still feel such a strong sense of community with the virtual offerings. We have enjoyed seeing all the renovations that have happened in recent years and are looking forward to making use of the new youth department. My love for the Baldwin Public Library has grown so much over the years that I would love to give back by dedicating my time and experience to the Board.

One way I would benefit the Board is with my organizational and managerial experience. I have previously overseen the marketing and budget of a program at the Detroit Regional Chamber that operated on a national level. I worked closely with affiliates to launch new programs and oversaw the payment of residuals to our partners. Another way I would benefit the board is with my connection to the Birmingham Family YMCA. Working at the YMCA has given me an even deeper understanding of our local community and it's wants and needs. We have such a wide variety of members at the Y, I could bring a voice to represent Birmingham from the very young to the senior members of our great city.

I feel confident that my business and interpersonal skills would be a valuable addition to the Baldwin Public Library Board of Directors and I hope you'll consider me for the position. Thank you so much for taking the time to review my application and I hope to hear from you soon.
